## Study View

Beyond the gap  
between the two

houses opposite—  
with their satellite

dishes, lichen  
roof-tiles, solar

panels, black  
PVC downpipes

grey asbestos  
garage roofs

and net-framed  
trampolines—

past the wheat  
waiting to be cut,

past the shrub-  
covered fence,

telephone poles,  
hedged-in paddock,

and track-crossed  
sloping pasture,

there at the wood's  
edge the farmhouse

and its outbuildings  
all shortly to be sold

now that the farmers  
are retiring, handing

over the ancestral  
plot. Their grown-up

children prepare  
to break the line.
